IMPORTANT NOTE

The Norfolk Flora Group is an informal interest group with no formal status or legal identity. All attendees at the events set out in the annual programme participate in those events entirely at their own risk and no responsibility for any injury loss or damage shall lie against the organisers of the events. The distribution of the programme of events is not intended and does not form any contract or any other legal relationship between the organisers and the participants.

A message from Gillian:

I would like to thank very much all the members of the group who contributed to the generous book tokens which were brought to me after the Gressenhall meeting.

Species counts by 10Km square (2000-2009) as a percentage of the Flora (1987-1998)

Gillian Beckett (pro tem)

Frances Schumann
